The Classified (degree-seeking) graduate student, desiring to transfer graduate credits into a SLU degree program earned elsewhere as a non-degree or transient student, may use this petition to do so. An official transcript showing credit for the coursework proposed for transfer must be attached to this petition. The appropriate section of the Graduate Education Catalog may be consulted for the other necessary conditions for transfer of credit.

*This petition may not be used to receive credit toward the SLU doctoral program for coursework that was completed in a master's program at another institution. Use the "Petition for Advanced Standing" instead.*
