SAINT LOUIS UNIVERSITY.

Program-Level Assessment: Annual Report

Program: Security and Strategic Intelligence	Department:
Degree or Certificate Level: Bachelor of Science	College/School: Professional Studies (SPS)
Date (Month/Year): July 2022	Primary Assessment Contact: Joe Lyons Ph.D.
In what year was the data upon which this report is based collected? 2021/2022	
In what year was the program's assessment plan most recently reviewed/updated? 2021	

1. **Student Learning Outcomes**

    Which of the program's student learning outcomes were assessed in this annual assessment cycle?

    SLO 1 Describe the cycle of intelligence and components of global security
    SLO 2 Use analytics to inform risk management decisions

2. **Assessment Methods: Student Artifacts**

    Which student artifacts were used to determine if students achieved this outcome? Please identify the course(s) in which these artifacts were collected. Clarify if any such courses were offered a) online, b) at the Madrid campus, or c) at any other off-campus location.

    Quizzes, mid-term exams, final exams and qualitative information built upon the program and course learning. It provided assessment of the learning outcomes for each course:

    Assessment activities include the following: Specific artifact(s) used to demonstrate achievement: S
    SI 1500 = Quizzes/Discussion Board Posts (ONLINE)
    SSI 3010 = Final BCP Plan/Paper
    SSI 4960 = Final Presentation (IN PERSON/ZOOM)

    Number of students who achieved/partially achieved/not achieved the outcome
    SSI 1500 – 11 Students Achieved Outcome / 0 partial / 0 Not Achieved
    SSI 3010 – 9 Students Achieved Outcome / 0 partial / 0 Not Achieved
    SSI 4960 – 9 Students Achieved Outcome 0 partial / 0 Not Achieved

    THERE ARE NO MADRID STUDENTS CURRENTLY ENROLLED IN THIS PROGRAM.

3. **Assessment Methods: Evaluation Process**

    What process was used to evaluate the student artifacts, and by whom? Please identify the tools(s) (e.g., a rubric) used in the process and include them in/with this report.

    Quantitative and qualitative data was collected using student course evaluations as well as qualitative information derived from the instructor of record for SSI 1500, SSI 3010, and SSI 4960

4. **Data/Results**

    What were the results of the assessment of the learning outcomes? Please be specific. Does achievement differ by teaching modality (e.g., online vs. face-to-face) or on-ground location (e.g., STL campus, Madrid campus, other offcampus site)?

The data indicated success in achieving SLO 1 and SLO 2. These courses were taught entirely online, however, SSI 4960 Final Presentation was done in zoom for all students.

5. Findings: Interpretations & Conclusions

What have you learned from these results? What does the data tell you?

After reviewing input from students and faculty, there are no immediate changes. At this time, feedback has been shared with the full-time faculty in the program. The report will be shared with adjunct faculty, and SSI students will be directed to the report on the University's web site.

6. Closing the Loop: Dissemination and Use of <u>Current</u> Assessment Findings

A. When and how did your program faculty share and discuss these results and findings from this cycle of assessment?

Assessment data is shared via email and zoom with adjuncts

B. How specifically have you decided to use findings to improve teaching and learning in your program? For example, perhaps you've initiated one or more of the following:

Changes to the Curriculum or Pedagogies	• Course content • Teaching technique • <mark>Prerequisites</mark>	• Course sequence • Deletion of courses
Changes to the Assessment Plan	• Student learning outcomes • Student artifacts collected • Evaluation process • Frequency of data collection	• Evaluation tools (e.g., rubrics) • Data collection methods

Please describe the actions you are taking as a result of the findings.

Based on student and faculty feedback, we have updated or eliminated prerequisites for 1000 and 2000 level courses

If no changes are being made, please explain why.

7. Closing the Loop: Review of <u>Previous</u> Assessment Findings and Changes

A. What is at least one change your program has implemented in recent years as a result of assessment data? Based on student and faculty feedback, we have updated the course sequence to offer SSI 1500 in Fall/Spring and summer to allow students multiple start dates

B. How has this change/have these changes been assessed?

C. What were the findings of the assessment?

D. How do you plan to (continue to) use this information moving forward? **We will continue to offer multiple start dates for students in the program**

IMPORTANT: Please submit any assessment tools and/or revised/updated assessment plans along with this report.
